

**Go  
Green!**

**Simple as  
Pressing  
a Button!**

**Any way you stack it, our planet  
can't afford bottled water...**

# Your bottled water may have some dirty little secrets...

While promoting an image of health and vitality, bottled water companies burn millions of barrels of oil and generate millions of tons of greenhouse gasses in the manufacturing, processing and transporting of their products.

To top it off... an estimated 38 BILLION non-biodegradable plastic water bottles are tossed into our landfills annually!

# A Healthier Planet is as Simple as Pressing a Button

# Going Green has Never Been Easier

No Transporting

No Packaging

No Shipping

No Delivery  
or Storage

No Disposal

## It's Not Bottled...It's Better!

PHSI's Pure Water Technology® systems deliver glass after glass of Fresh, Cold, High-Purity Drinking Water *at the Touch of a Button*

### Pure-Touch Dispense™

Advances in ergonomic design deliver a convenient dispense height and room for larger sport bottles while keeping user's hands away from the dispensing nozzle.

### ATS-Auto Tank Sanitization™

Eliminates microbiological contamination and does away with the tedious and often overlooked task of sanitizing the holding tank.

### Microprocessor Control

Settings are conveniently programmed from the control panel providing a level of performance and programmability never before seen in a point-of-use drinking water system.

### Activated Oxygen Injection™

Eliminates microbiological contamination, oxygenates the water and delivers *Freshness You Can Taste.*
