FOR CHEMICAL EMERGENCY: CALL INFOTRAC 1-800-535-5053 24 Hrs. per day, 7 days per week
Outside the United States call collect 1-352-323-3500

Q-Form 10-111, Rev. D

Date Reviewed: May 19, 2008

1. Chemical Identification

Common Name: SOLO Concentrated Disinfectant Cleaner
Ref #: 90010, 90015

2. Composition/Information on Ingredients

A proprietary blend of surface active agents, stabilizing agents, and complex inorganic polymers.
Nonyl phenol 8 mole ethoxylate Percent: Maximum 3%
Alkyl dimethyl benzyl ammonium chloride
Percent: Maximum 22%
Didecyldimethyl benzyl ammonium chloride
Percent: Maximum 20%
Poly(hexamethylenebiguanide) hydrochloride
Percent: Maximum 12%

3. Hazards Identification

Eyes: Will cause irritation to eyes.
Skin: Will cause irritation to skin.
Swallowed: Will cause irritation to mouth and throat.
Inhalation: N/A
No chronic health effects have been identified.

4. First Aid Measures

Eye Contact: Irrigate thoroughly with water for 15 minutes. If irritation persists, obtain medical attention.
Skin Contact: Wash skin thoroughly with soap and water.
Inhalation: Remove patient to fresh air.
Ingestion: Rinse the mouth and give water to drink. Do not induce vomiting.

5. Fire Fighting Measures

Flash Point and Method: N/A
Extinguishing Media: Water, carbon dioxide or foam.
Special Fire Fighting Procedures: In the event of fire nearby, rapid removal of material or dousing with water; self contained breathing apparatus.
Unusual Fire and Explosion Hazards: N/A

6. Accidental Release Measures

Dilute spillages with copious amounts of water.
Contaminated area should be washed down with plenty of water and washings disposed of via drains.

7. Handling and Storage

Handling: Avoid contact with eyes and skin. Not dangerous if proper industrial standards are applied.
Storage: Store in original containers in a well ventilated dry area.

8. Exposure Controls/Personal Protection

Exposure Limit Method: N/A
Respiratory Protection: No special requirements when used as recommended.
Eye Protection: Wear goggles.
Exhaust Required: N/A
Protective Gloves: Wear gloves.
Special Protective Clothing: Wear suitable protective clothing.

9. Physical and Chemical Properties

Appearance: Light blue fragranced aqueous solution
Odor: Proprietary fragrance
Solubility in Water: Miscible with water
pH (@ 25 °C): 5.5
Boiling Point (°C): N/A
Melting Point: N/A
Evaporation Rate (Butyl acetate = 1): N/A
Vapor Pressure (mm Hg @ °C): N/A
Specific Gravity: 0.97 (at 20°C)
Vapor Density (Air = 1): N/A
Water Reactivity: N/A

10. Stability and Reactivity

Stability: N/A
Hazardous Polymerization: N/A
Hazardous Decomposition Products: N/A
Conditions to Avoid: Will not ignite. Residue after evaporation will char. Fumes on charring of residue not hazardous.

11. Toxicological Information:

May cause eye irritation and may cause skin irritation.

12. Ecological Information

If properly handled, this material should not present a serious environmental hazard.

13. Disposal Considerations:

Contents of damaged containers may be flushed down Local Authority drains.
Treatment of soiled packaging: empty containers may be disposed of with normal refuse.

14. Transit Information

Not DOT, IMDG, or IATA regulated.

15. Regulatory Information

This product has been classified in accordance with the hazard criteria of the *Controlled Products Regulations* and the MSDS contains all the information required by the *Controlled Products Regulations*.

Label name: Ebiox Trionic Symbols: Xi

Risk Phrases: R36 Irritating to eyes

Safety Phrases: S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical attention.

16. Other Information

The information contained herein is based on data considered accurate.
