NOVACOPY AWARDED \$1.3 MILLION SBA LOAN

Completes \$2.5 Million State-of-the-Art National Headquarters Project

Nashville, TENN – Nashville-based NovaCopy, Inc. has received a \$1.3 million Small Business Administration (SBA) loan to finish expansion of its corporate headquarters.

Darren Metz, CEO for NovaCopy, Inc., said the company will use the funds to cover the cost of expanding the local (and corporate) headquarters, located, downtown, at 15 Lindsley Avenue.

“Another great chapter in the NovaCopy story has begun now that we have our fully-equipped national headquarters and local sales office completed,” Metz said. “The funding has enabled us to leap ahead of our competition with the enhancement of what is most important – customer service.”

The 27,500 square foot building was completely revamped by DWC Construction to increase local and national sales and build upon the company’s use of state-of-the-art technology. Warehouse space was transformed into a service technician operating center. The 10,000 square foot show room was equipped to handle the complete inventory line and area-business meeting space. Servers and phone systems were relocated from Memphis with the finishing touches being the build-out of the national Customer Service call center and Purchasing division offices.

The SBA loan was financed through Six Bridges Capital based in Little Rock, AR located within the company’s western Tennessee market region.
