NOVACOPY RECOGNIZED AS A 2008 MUSIC CITY FUTURE 50 WINNER

Award Identifies the 50 Fastest-growing, Privately Held Companies In Middle Tennessee

Nashville, TENN – NovaCopy has been recognized as a 2008 Music City Future 50 company - one of the fastest growing companies in Middle Tennessee by the Nashville Area Chamber of Commerce.

The Music City Future 50 are identified by their past and projected sales and employment growth. To be eligible, companies must be privately owned, headquartered in Middle Tennessee, have 10 or more employees or annual revenue of at least \$500,000, and anticipate revenue and employment growth of 10 percent or more per year for the next three years.

"This year's competition was made especially difficult by the high number of applications we received – as a matter of fact, the highest in almost four years," said Charles Sueing, president of the Sueing Agency, Nationwide Insurance & Financial Services (and chairman of the Chamber's small business council). "It goes to show the strength of these companies, despite the challenges of a less-than-perfect economy."

NovaCopy Nashville President, Joe White, said the honor as a Music City Future 50 winner extends throughout the company, from sales to service to operations with each area contributing toward a unified goal – customer satisfaction.

"With many businesses facing economical setbacks, customers want someone who offers systems and solutions that save time and money," White said. "NovaCopy employs a unique approach – we actually make a point to get to know our customers and analyze their business processes so that we can provide the best solution possible. If we can do that, everyone wins."
