Computer Stand G_324 features compact 33"W x 24"D size with standard levelers; G_324S features casters. Shown here with fully-adjustable **Ambidex** keyboard support. Doubles as outer shell for lateral file pedestal. Shown with 752 **Nextstep** Management Chair.

All desk, return and credenza shells are flat-packed for easy handling and quick assembly with a power screwdriver. Each includes wrench-adjustable levelers with steel mounting plates for increased lateral strength. Choose monocolour or top/base color combination.

	Aspen AP		Black E
	Mahogany M		Espresso X
	Medium Oak O		Graphite GP
	Natural Maple FM		Grey G
	Pearwood PW		Classic Cherry CC
	Windsor Cherry WC		

Pull Selections

Pedestals are freestanding, non-locking units with finished tops and pre-installed levelers. Each ships fully assembled and slides under shells. Each features a Graphite color case; you specify color of drawer fronts and pulls.

Agility laminate fully coordinates with our extensive **Hyperwork** collection, offering 360+ modular casework selections. Select bridges, overheads and more to visually

coordinate with **Agility** laminate. Both series feature: durable thermally fused laminate, damage-resistant AdvantEdge 3mm PVC edges and solid metal drawer pulls.
