

# VENEER

Select hardwood veneers provide the natural beauty of wood as well as the variation in grain and color typical of a natural, living material. This natural variation is anticipated and expected, therefore veneer finishes cannot be guaranteed for exact color and grain match. Below are representations of our veneer finishes. All feature catalyzed lacquer topcoat to ensure long life. Desk pads and or glass with standoffs will further protect veneer worksurfaces.

**C Honey Cherry**

**M Rouge Mahogany**
